Wiebke,

I thought I sent along a copy early on. I now see that I did not complete the review. My apologies. It is attached. I did not make significant changes. I tried to shorten the language without altering the intent. Most changes are editorial. I also apologize for not doing an edit on top of others' comments. I was almost done before and got distracted by some other commitments (?!).

John K.

Hello John,

I wanted to check in with you on the arbovirus memo. I have not seen any comments from you in the document and wanted to make sure that you indeed have no comments before proceeding.

Wiebke
